

We are a Chinese tin box manufacturer, and we are always committed to providing customers with high-quality, safe and innovative products. One of our best-selling molds **Metal Cookie Box**, which can storage your cookie, coffee, biscuit, etc. Anything you can storage inside if you wanna.

## **Product features**

### **High-quality materials**

Material: 0.25 mm thick tinfoil, which is both durable and light and easy to carry.

Size: 340x100mm, suitable for storing biscuits, tea, coffee beans and other dry items.

### **Safety design**

Rounded corner design: In order to prevent children from scratching during use, we specially adopted a rounded corner design to ensure that every corner is smooth and sharp.

Non-toxic coating: Both the outer surface and the inner lining are coated with non-toxic coating to ensure food-grade safety standards.

Firm handle: The handle design is ergonomic, firm and reliable, ensuring that the child will not fall off easily when carrying it.

## **Combination of practicality and fun**

Color and pattern: Customized service is available, with a variety of colors and patterns to choose from to meet your needs.

Large capacity: Sufficient storage space can be used to place various items, such as cookie, biscuit, tea, coffee bean, etc.
