Key Features

- **High-Quality Materials:**

Made from eco-friendly, recyclable tinplate with a smooth, rust-resistant finish. The interior is food-safe, odorless, and easy to clean, ensuring your cookies stay fresh and protected.

- **Unique Rolling Design:**

Equipped with four small but sturdy plastic or rubber wheels (depending on the model), the tin can be gently pushed across surfaces – turning an ordinary cookie box into a toy-like novelty that kids will adore.

- **Secure Lid Closure:**

The snug-fitting lid keeps the contents sealed from air and moisture while maintaining ease of access. Optional lockable lids are available for gifting or transport purposes.

- **Fully Customizable:**

Add your logo, brand colors, festive designs, or seasonal artwork with high-definition offset printing. We offer matte, gloss, and embossed finishes to suit your aesthetic needs.

- **Reusable & Collectible:**

Beyond cookies, the tin can be reused as a toy storage box, stationery holder, or keepsake case, making it a sustainable option that keeps your brand visible long after the cookies are gone.
