

尺寸：169*169*70mm

Premium 169x169x70mm [Octagonal Tin Box](#) - Ideal for Candy & Food Packaging

Looking for an elegant and functional solution for packaging your confectionery or gourmet food items? Our **169x169x70mm octagonal tin box** is the perfect blend of style, durability, and food safety. Designed to meet the highest standards, this octagonal metal container is crafted from food-grade tinplate, ensuring both aesthetic appeal and secure storage for a wide range of edible products.

As a leading **Octagonal Tin Box Manufacturer**, we specialize in producing unique, high-quality tin packaging solutions that enhance brand value and customer experience. This octagonal tin is not only visually striking with its geometric symmetry but also highly practical with a tightly sealed lid to preserve freshness.

Elegant Design Meets Functional Excellence

As an established **Octagonal Candy Packaging Tin Box Factory**, we understand that packaging is

more than just a container—it's the first impression of your brand. The octagonal shape gives a sophisticated, upscale appearance that stands out on retail shelves. Whether you're offering holiday-themed sweets or everyday gourmet treats, this tin adds a premium touch that resonates with consumers.

The 169x169x70mm size offers ample space for various product configurations, making it an excellent choice for both individual items and assorted packs. The octagonal form also lends itself well to creative branding opportunities, allowing you to make a lasting impression through customized artwork and embossed logos.

Food-Grade Safety You Can Trust

As a trusted **Octagonal Candy Tin Jar Supplier**, we prioritize food safety in every step of production. Our tin boxes are manufactured under strict quality control protocols using certified food-grade materials. The interior surface is coated with a protective lacquer that prevents any interaction between the metal and the food, ensuring your products remain uncontaminated and flavorful.

Customization Options

One of the major advantages of working with a dedicated **Octagonal Tin Box Manufacturer** is the ability to personalize every aspect of your tin. From offset printing and embossing to spot UV and foil stamping, we offer a wide array of customization services to bring your brand vision to life. Whether you want a vintage, festive, or minimalist aesthetic, our design team can help you create packaging that communicates quality and creativity.

In addition, the lid and base of the tin can be tailored to include viewing windows, specialty closures, or even nested compartments for gift sets. This flexibility ensures that the same tin design can serve multiple product lines or seasonal variations.

Sustainable and Reusable

Our tin boxes are not only recyclable but also reusable, making them an eco-conscious choice for modern consumers. Many end-users repurpose our octagonal tins for storage, gifting, or decor, extending the life of the packaging and enhancing your brand's visibility in homes and offices.

Applications

The versatility of this 169x169x70mm octagonal tin box makes it suitable for:

- Hard and soft candies
- Chocolate assortments
- Shortbread and butter cookies
- Herbal teas and loose-leaf blends

- Dried fruits and nuts
- Specialty coffee or spice kits

As a full-service **Octagonal Tin Box Manufacturer**, we can also produce matching inserts or trays to secure delicate items inside the tin, providing additional protection during transport and display.
