

New Product Release: Push-Pull Childproof Tin Box, Escorting Safety and Quality

Under the global trend of increasing attention to safety and environmental protection, [**Customized Push-Pull Childproof Tin Box Manufacturer China**](#) has recently launched an innovatively designed push-pull childproof tin box. This tin box is designed for the safe storage of special products such as marijuana and pills, reflecting Shangzhimei's high attention to product quality and social responsibility.

Innovative design, safety upgrade

This tin box adopts a push-pull opening structure and is designed with a special child protection function, which effectively reduces the potential danger caused by children opening it by mistake. The unique sliding cover mechanism combined with the humanized opening and closing force design makes it easy for adults to use while ensuring high-strength protection for children. It is an ideal choice for product storage.

Food-grade tinplate, environmental protection and health are equally important

The tin box is made of food-grade tinplate with a thickness of 0.23 mm. It is not only sturdy and durable, but also fully complies with international food safety standards. Whether it is used for pill storage or cannabis product packaging, this tin box ensures the safety and pollution-free storage of the product.

Lightweight and portable, exquisite and practical

The compact size of 97x60x13 mm makes this tin box easy to carry and suitable for a variety of scenarios. Whether it is daily use or traveling, it can easily meet user needs. In addition, the exquisite surface printing can be customized according to customer requirements to highlight the brand personality and increase the market appeal of the product.

China Tin Box Supplier: Model of Quality and Service

As a **Childproof Tin Container Supplier guangdong** with 15 years of production experience, Shangzhimei has always been committed to providing high-quality, personalized tinplate packaging solutions to global customers.
