

[China Shangzhimei tin box manufacturer](#), this year launched a child-proof tin box designed for marijuana candy, marijuana tobacco and other products. This child-proof tin box is made of food-grade tinplate to ensure the safety and quality of the product during storage.

1. Specifications and highlights of child-proof tin box

Material: This tin box is made of food-grade tinplate, which ensures safety and durability when in contact with food and medicinal products. The material thickness is 0.23 mm, providing sufficient firmness and protection.

Size: The size of the tin box is 120x58x15 mm, with a compact design, easy to carry, and sufficient storage space.

Safety design: This child-proof tin box pays special attention to the protection function to ensure the integrity and safety of the product during transportation and use. The smooth corner design avoids accidental cuts during use. The lock design can prevent children from opening it.

2. Applicable scenarios and advantages

This safety protection tin box is designed for products such as cannabis candy and cannabis cigarettes, and is suitable for merchants who want to provide advanced packaging and protection. Its food-grade materials and sturdy structure ensure the integrity and safety of the contents, while its portability makes it an attractive packaging option on the market.

3. Service of tin box manufacturers
