

90-93mm Round Tea Tin Can - Ultimate Preservation & Customization

Product Overview

Crafted for premium storage needs, our **90-93mm round tea tin can** combines advanced functionality with elegant design. Designed by [Best tea tin box manufacturer](#), this airtight container ensures optimal protection against moisture, light, and oxidation, making it ideal for preserving tea, coffee beans, spices, and other sensitive consumables. With a focus on **food-grade safety** and durability, it is the go-to choice for both household and commercial use.

Key Features

1. Superior Moisture Resistance

Featuring a double-layered sealing mechanism with a silicone gasket and a snap-lock lid, this

tin can creates an impenetrable barrier against humidity. The **food-grade** stainless steel inner lining prevents rust and chemical interactions, ensuring contents remain dry and fresh for extended periods. Perfect for [tea tins wholesale](#) suppliers prioritizing shelf-life enhancement .

2. Light-Blocking Design

The opaque, powder-coated exterior shields contents from UV rays and ambient light, preserving flavor integrity and preventing nutrient degradation. This is critical for light-sensitive products like green tea or roasted **custom coffee bean tin cans**, where light exposure can accelerate spoilage .

3. Food-Grade Material Assurance

Constructed from certified **food-grade** tinplate, this can meets global safety standards (FDA, EU) and is free from BPA, lead, and harmful coatings. Its non-reactive surface guarantees zero contamination, making it safe for direct food contact. **Best tea tin box manufacturer** ensures rigorous quality checks for every batch .

4. Customization Flexibility

Tailor-made for branding, the smooth exterior supports high-resolution printing, embossing, or laser engraving. Ideal for [tea tins wholesale](#) distributors and coffee brands seeking [custom coffee bean tin cans](#) with logos, artwork, or promotional text. Bulk orders receive dedicated design support .

Technical Specifications

- **Dimensions:** 90-93mm diameter × 100mm height (standard; customizable).
- **Material:** 0.23mm thickness tinplate with epoxy-phenolic coating.
