

China Tin Box Manufacturer has launched a unique house-shaped cookie tin box, which not only reflects the exquisite manufacturing process, but also shows the ultimate pursuit of design details.

Product Specifications and Materials

This **house shaped cookie tin box** is made of high-quality tinplate with a material thickness of 0.23 mm, which ensures the durability of the tin box. At the same time, it has good moisture-proof and anti-oxidation properties, which can effectively protect the cookie inside from the influence of the external environment. The size of the tin box is 290x290x100 mm, and the spacious interior space can accommodate a large number of cookie. It is very practical whether it is used at home or as a gift package.

Excellent quality from China's tin box manufacturers

As China's leading tin box manufacturer, Shangzhimei has successfully created a series of high-quality tin box products with 15 years of manufacturing experience. This house-shaped cookie tin box is one of its masterpieces. Shangzhimei's tin box factory uses advanced production technology and strict quality control processes, and strives for excellence in every link from design to production to ensure that every product shipped meets high quality standards.

Unique design and versatility

The design of this house-shaped cookie tin box is inspired by a warm home environment. The house-shaped appearance not only has a strong visual appeal, but also gives the tin box a unique decorativeness. Whether it is used as a cookie packaging or a decoration during festivals, this tin box can bring users both visual and practical enjoyment.

In addition, the house-shaped design also makes this tin box have a high reuse value. After the cookies are eaten, users can use the tin box as a small item storage box at home, or as a home furnishing to add a warm atmosphere to the room. The sturdy material and protective performance of the tin box ensure that it can be used for a long time, and it is a truly beautiful and practical product.
