

## **Knob cover safety cannabis candy tin box-provide innovative safety protection for your products**

With the improvement of household safety standards and consumers' increasing attention to packaging safety, providing effective child-proof packaging for your cannabis candy products has become an inevitable demand of the market. Our company has launched a newly designed knob cover safety cannabis candy tin box for this purpose, aiming to provide your products with a higher level of protection and convenience.

### **Innovative knob cover design**

This custom cannabis candy tin box adopts a unique knob cover design, which requires a strong push on the knob to open. This clever design can effectively prevent children from accidentally opening the package and avoid accidental ingestion. The structure ensures that adults can operate it easily, but it is difficult for children to open it, fully ensuring product safety.

### **Food-grade tinplate and plastic accessories**

In order to meet strict food safety standards, the tin box is made of food-grade tinplate to ensure that the surface in contact with food is safe and harmless. In addition, the knob cover of the tin box is equipped with high-quality plastic accessories to increase the sealing and protection effect. This sturdy and durable combination design not only protects the product, but also prolongs the freshness of the candy.

### **Three-piece hinged lid structure**

This safety protection tin box is designed with a three-piece hinged lid structure to ensure that the lid and the box body are always connected to prevent the lid from being lost or separated. This design is convenient for opening and closing in daily use while maintaining overall beauty and durability, which is a detail embodiment of enhancing user experience.

### **Portable and practical size**

The size of the tin box is 75x30 mm, which is moderate and small, easy to carry and store, suitable

for both home use and display in retail scenarios. Its compact shape makes it suitable for a variety of storage environments, providing consumers with a variety of usage options.

### **Advantages and application scenarios**

This safety protection tin box is suitable for all kinds of cannabis food and small items that require special protection. It not only provides excellent safety, but also has beautiful and durable features, suitable for display and sales in stores. It can attract customers' attention, enhance their trust in the product, and meet strict safety regulations.

**Summary:** This innovatively designed knob cover safety cannabis candy tin box provides consumers with an additional measure of protection. Its durable structure and humanized design will increase the market competitiveness of your products. If you are looking for a packaging solution that combines safety and beauty, consult China Custom Candy Tin Can Manufacturers, which has a variety of styles and colors for you to choose from.

## **Regular inventory of more than 1,000 tons of raw materials**

which ensures the prices of our tin boxes are stable  
and the long-term cooperation is more guaranteed
